In order to tackle the new global challenges, ISA inaugurated a large project on 16th May 2017, which led to implementing a single headquarters in only two years, where innovative methods for production and logistics have been applied and which has an important space for research and development. A new home for all Isa men and women, on an overall area totalling more than 170,000 square metres, of which 65,000 are covered, perfectly integrated in the surrounding urban environment. The new factory was designed with the objectives of minimising environmental impact and increasing energy efficiency, fully complying with the most stringent standards concerning the reduction of emissions. A 2,500 square metre Showroom has been set up inside the new office area, in order to welcome customers arriving from more than 110 different countries around the world.

Per raccogliere le nuove sfide a livello globale Isa ha inaugurato il 16 maggio 2017 un grande progetto che ha portato alla realizzazione, in soli due anni, di un unico quartier generale in cui sono state applicate metodologie innovative di produzione e logistica con uno spazio importante per la ricerca e lo sviluppo. Una nuova casa per tutti gli uomini Isa, su un'area complessiva di oltre 170.000 mq di cui 65.000 coperti, perfettamente integrata nell'ambiente urbano circostante. La nuova fabbrica è stata progettata per ridurre l'impatto ambientale ed aumentare l'efficienza energetica rispettando gli standard più rigorosi per quanto riguarda l'abbattimento delle emissioni. All'interno della nuova area uffici è stato realizzato uno Showroom di 2.500 mq destinato ad accogliere i clienti che provengono da oltre 110 paesi nel mondo.

Our business

Gelato & Pastry Professional

The art and science of refrigeration at the highest level. Quality, technology and design: these are the characteristics of ISA's professional products. A wide range of products designed for professionals: display cases for gelato and pastry shops, blast chillers, refrigerated cabinets and counters. Aesthetic beauty is combined with reliability, in order to guarantee the perfect display and preservation of any type of artisanal product.

Food & Beverage Impulse

A complete and diversified line of professional plug-in displays and storage cabinets for bars, ice cream parlors, pastry shops and restaurants. From beverage coolers to wine cellars, from vertical display freezers to promotional ice cream display cases. A wide range of solutions offer our customers the freedom to choose their equipment based on size, performance and style in accordance with their display requirements.

Market Plug-in & Remote

Isa and Tasselli offer highly professional plug-in and remote refrigerated display solutions for the retail industry, from supermarkets to food stores. Cutting-edge technology and unique design are combined with the fulfillment of display requirements and maximum surface exploitation, allowing for unparalleled product display. Multidecks, islands and counters are available with natural refrigerants in plug-in or remote versions, in order to meet any requirement.

Catering Refrigeration & Blast Chillers

With three dedicated brands, ISA occupies a prominent position in the world of commercial kitchen refrigeration. HIZONE, the extraordinary innovation that was born from the encounter between the vision of designer Antonio Citterio and ISA's technical expertise, furnishes the preparation area with blast chillers, cabinets and refrigerated and neutral tables. The new ISA and COF series of refrigerated cabinets and blast chillers combine ergonomics, energy savings and functionality.

ISA was founded in Umbria in 1963, in the heart of Italy, renowned worldwide for its artisan, industrial, and creative excellence. Thanks to the new highly technological and efficient factory, and the presence in more over 110 countries, ISA is one of the most important players in the production of refrigerated display units and furniture for the ice-cream industry, pastry, food service, and organized distribution all over the world.

ISA nasce in Umbria nel 1963, nel cuore di quell'Italia rinomata in tutto il mondo per la sua eccellenza artigiana, industriale e creativa. Grazie al nuovo stabilimento, dotato delle più avanzate tecnologie, e alla presenza in oltre 110 paesi, ISA è uno dei player più importanti al mondo nella produzione di espositori refrigerati e arredamento per gelateria, pasticceria, ristorazione e distribuzione organizzata.
